

# Writing – an Essential Skill

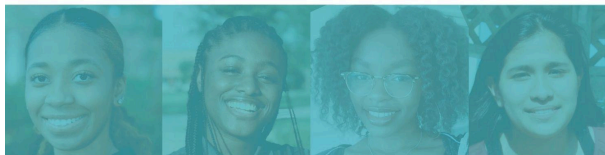

***“Mr. Wynn inspired our students to become good writers through the stories of other students”***

*“Mr. Wynn has a gift to inspire students to push through their fear of writing. Working in our school board room with fifty students who needed scholarships to make college affordable, but who could not overcome their anxiety of writing scholarship essays, Mr. Wynn used the stories and well written essays of other students to inspire them to try.*

***Inspiring Essays of Students from Challenging Backgrounds***

*As the words began flowing from their brains into their documents, computer keys were humming from 8:00 am to 4:00 pm. with students leaving the room believing themselves capable writers. For many students this was a breakthrough day that they will never forget.”*
